TACRAO Technology Committee Annual Report 2020-2021

November 5, 2021

Committee Members:
Melissa Hyatt, Texas State University, Chair
Connie Garrick, Lone Star College
Dottie Phillips, Dallas County Community College District
Mike Torres, El Paso Community College
Jesus Buitron, UTRGV
Rex Oliver, Texas Tech University

The committee worked again with the University Issues and Community College Issues committees in our joint summer meeting venture. The meeting this year was held virtually.

This committees original charge was to help put on the SPEEDE/Apply Texas meeting. We don't have a separate meeting anymore so outside of assisting with finding sessions, I believe this committees role needs reviewed. The two chairs of University Issues and Community College Issues were handling the items normally assigned to this committee for an in-person meeting (see attached meeting guidelines).

Perhaps we would be better suited to be under the VPIT and assist that person with technology stuff. A suggestion is to continue with organizing the Enrollment Reporting Meeting series and making updates to the TACRAO Standards documents.

Respectfully submitted,

Melissa Hyatt
Chair, TACRAO Technology Committee
Associate University Registrar
Texas State Univeristy

Technology

Technology Committee has six members, each serving a five-year term with a balanced number of members rotating off each year. The Chair will be appointed by the Executive Committee and will serve a three-year term. The Technology Committee coordinates the Texas SPEEDE Users' Group summer conference. Also, will identify technology available to enhance the admissions, records, and registration processes, to facilitate the implementation of available technology, and to provide technical support to the TACRAO membership.
