Section 4.4.3

The effective date for a completion/graduation status ('G') is the date that the school assigns to the completion/graduation. In particular, a completion/graduation status could be either the same as the effective date of a previously reported 'W' or sometime after that date. Some schools may wait to assess a student's completion/program requirements and, therefore, report a 'W' when the student is no longer attending classes followed by a 'G' when completion is confirmed with whatever effective date the school gives the graduation status.

It is important to note that, for a student who has graduated, schools who initially report a withdrawn status must subsequently report the student as having graduated by certifying a 'G' status at the campus-level and/or program-level as appropriate. This is

How do we deal with audits?

We do our own
And you should too!

How do we deal with audits?

GOAL: Replicate an Actual Audit

Use Two Audit Groups

Group 1: Random Sampling

- Pull records directly from the CLR / GRAD file.
- Use manageable selection sizes
- Scale up based on NSC/NSLDS errors & rejects

Group 2: Selected Population

- Populations that you know have a high chance of error
- Individual students experiencing difficulties
- Students in the NSC/NSLDS errors & rejects

How do we deal with audits?

Get information at the CLR, Banner, NSC, and NSLDS levels
Compare for accuracy across all platforms

Quick Tips

Graduates & Graduation Dates

- DV Files auto-generate Graduation Effective Dates to be equal to the last date of attendance.
- If a student was set as WITHDRAWN before graduating then a DV file will NOT mark them as graduated.
- If a student is graduated for a previous term after the conferment period, track them.
- Just use a GRAD file at the end of the term!
- The difference between a CLR and GRAD file in SFRNSLC is the 'Report Flag.' Y = CLR, N = GRAD

Backdates & SSCR Data

- NSC will not redact attendance.
- If a student appeals their attendance, set their date with NSC to withdrawn before first-day. Update NSLDS with the correct dates.
- NSLDS only requests data on select students. They do not request information on ALL students.
- NSLDS must have 2 updates of 'withdrawn' to stop requesting a student's data from NSC.
